

# SAFETY RECALL

## GERBER® GATOR® MACHETE AND GATOR® MACHETE JR.

During use of the saw, if the saw sticks, the user's hand can slip off the handle and slide forward across the machete blade, posing a laceration hazard to the user.

This recall applies only to the original versions of the Gator Machete and Gator Machete Jr., which have a handle area that looks like this:

This recall does not apply to the modified versions of the Gator Machete or Gator Machete Jr., which have a handle area that looks like this:

If you have an original version Gator Machete or Machete Jr., stop using it immediately. Call Gerber to receive instructions on how to return the machete and receive a free replacement machete. Call Gerber toll free at:
